# 2. Main Principles of the Programme

# 2.1. Fellowship

During the 24-month Fellowship at one of the Polish Academy of Sciences Institutes or IIMCB, you will not only conduct research financed from the PASIFIC Programme, but also participate in training, networking events, and events promoting science organised by the Polish Academy of Sciences, and will have the opportunity to undertake the Secondment. As a part of the Fellowship, you will also formulate a development plan for your research career with your Supervisor.

## Research

During the Fellowship, you will carry out an individual research project on any scientific topic and with the Supervisor's support (for researchers less than 12 years after the PhD) or in collaboration with a research partner (for researchers at least 12 years after the PhD).

## Training

As a Fellow, you will be obliged to participate in at least 2 training courses and workshops organised by the PAS per year. The workshops will cover topics such as research funding opportunities in Poland and Europe, writing research grant applications, intellectual property rights, and project management (for details, see Section 16.3. in this Guide).

## Secondment

As a Fellow, you will have the possibility to undertake an up to 6-month Secondment in one of the entities implementing research results (see Section 10.2.1.). The Secondment must be specified in the Proposal and fit in with the objectives of the Fellowship.

# Networking and promotion of science

As a Fellow, you will have the opportunity to connect with researchers and non-academic sector representatives during networking events organized as part of the Programme. You will also be required to disseminate your research results in both the academic and non-academic sectors as well as to the general public.

# Short and long-term research career development plans

During the Fellowship, together with the Supervisor, you will prepare a Career Development Plan. It should include both the project tasks and guidance on post-project career development.

# Employment conditions during the Fellowship

As a PASIFIC Fellow, you will be employed under a 2-year employment contract at the Host Institute, in accordance with the labour law in force in Poland. You will be entitled to parental leave, annual leave, and sick leave for the period of illness. Notably, during the Fellowship, you will not be allowed to take on additional work.

Please note, that you will not be allowed to make any other work commitments during the Fellowship.

# 2.2. Host Institute and Supervisor

## Host Institute

Fellowships may be carried out at one of the Institutes of the Polish Academy of Sciences or the International Institute of Molecular and Cell Biology. The Host Institute will provide you with an opportunity to pursue a research project on topics specified in the Proposal, undertake activities aimed at developing your career, facilitate networking and participation in training.

In interdisciplinary projects, part of the research may be carried out in collaboration with other institutes, i.e., Institutes Supporting the Host Institute.

## Supervisor

You must select the Supervisor (or more than one Supervisor in case of interdisciplinary projects) from among researchers with at least a PhD degree and employed at one of the institutes of the Polish Academy of Sciences under a permanent employment contract or a temporary employment contract for at least 33 months, including the full period of the

Applicant's Fellowship, or based on a nomination; and, in the case of the International Institute for Molecular and Cell Biology, upon a fixed-term employment contract, pursuant to Article 16 (1) of the Act of 26 June 1997 on the International Institute of Molecular and Cell Biology in Warsaw (Journal of Laws of 2020, item 982).

The potential Supervisor must have relevant experience in a given Research Area. The CV and scientific experience of the potential Supervisor will be assessed during the evaluation process (see Section 13.2.).

# 7. Fellowship Agreements

## 7.1. Agreement generation process

The contracts generated in the SEA system are the agreements between the PASIFIC Team and Host Institute that obligate the Institute to hire the Fellow for the implementation of the project. Therefore, a separate agreement has still to be signed between the Fellow and the Host Institute. However, a Fellow has to provide his or her information in the Agreement information form in the SEA system. It is recommended that the Fellow has a Team Member, who is a person from the staff of the Host Institute to verify and fill all the information about the Institute in the Form.

In general, the generation and preparation of the Fellowship agreement consists of several steps, described below:

STEP 1 – Filling out Agreement information form in the SEA System	Responsible person	Where? When?

- c. **Ethics self-assessment** a DOC/DOCX document consisting of the Ethics Self-assessment of your proposal.
- d. Justification of a choice of the Fellowship starting date later than 1 April 2022 a DOC/DOCX document where you justify the later starting date of your Fellowship.

The documents attached to the *Agreement information* form must be the same as the ones attached to the Fellow's proposal and cannot be changed with the only exception being the situation when changes are introduced in part B1 and Ethics Self-Assessment in accordance with the recommendations of the conditional ethics clearance (see below).

## Conditional ethics clearance

If you received conditional ethics clearance, this means that the Fellowship is recommended for funding, provided that ethics recommendations made by the ethics experts are implemented. In this case, you and your Host Institute will receive the Ethics Assessment Report in the email starting the Fellowship Agreement preparation process.

The changes must be introduced to the Ethics Self-Assessment that you submitted as part of your application. They will also have to be implemented to the part B1 of the application if they influence or modify the research activities planned.

All the changes to the documents must be introduced **with the change tracking mode turned on**. List at the beginning of the documents all the modifications introduced by you and provide the number of pages where the modifications were made.

Description of the change	Page no.

## 7.5. Agreement submission, saving and printing form

In the upper right corner of the Agreement information form, you can see three buttons: Submit, Print and Save. You can save the contract which you are filling out at any given time with Save button. By pressing Print button, you can print the most recently saved version of your agreement. Submit button is inactive as long as all the obligatory fields are not filled.

To submit the contract, after filling all the obligatory fields, press *Submit* button and confirm your submission in the pop-up box that will appear on the screen. Your contract will change its status to submitted after that.

#### 7.6. Making corrections in the contract

After submission of the contract, it may be either accepted or declined by the PASIFIC Team member. In case the contract gets declined, it is being returned to the Fellow, to make or accept the corrections. Some amendments will be made by the PASIFIC Team member verifying the contract – names of these fields will be highlighted in yellow. Notice the changes on the screenshot below in the *Representative* and *Last name* fields on the screenshot below (marked by blue boxes).

In case all the corrections will be made by the PASIFIC Team member, only thing you need to do is to get familiar with the changes. In the other case, make necessary amendments to the form. After either of these situations, submit the Agreement again.

#### Please note !

After the submission and acceptance of the Agreement by the PASIFIC Team, the PASIFIC Team and the Host Institute are signing it. The signed contract is then uploaded to the SEA system by the member of the PASIFIC Team. The Fellow is not a party in this contract, however – the Agreement obligates the Host Institute to sign a separate contract with the Fellow.

## 7.7. Annexes

In case the Agreement is a subject to any changes after signing it (e. g. in any cases that the Fellowship has to be postponed), an Annex has to be generated to the Agreement. An Annex is generated by the PASIFIC Team Member and in such case is visible by a Fellow and a Team Member in the same module of the SEA system, in which the Agreement was generated – *Fellowship Agreements*.

The generated Annex has all the fields populated automatically with the same information as in the Agreement. Therefore, all the information that remains valid should not be modified – only the information that are the subject to changes.

The Annex has to undergo the same process, as the Agreement – that is, a Fellow or a Team Member has to submit the Annex, and then the member of the PASIFIC Team either accepts or declines it. The declined contract is returned to the Fellow and the Team Member have to make the corrections to the Annex.
